

World Leading: Fluoroscopy Guided Lymphatic Drainage (FG-MLD)

Terms and conditions

The FG-MLD (Fill and Flush technique) is taught to all healthcare professionals with degree level training, or Registered Nurses. Training is suitable for medics, nurses, physiotherapists, radiographers, occupational therapists, osteopaths and chiropractors. LTA also trains complementary therapists and body workers with degree level training and those holding a valid certificate in a recognised form of MLD.

1. A deposit of £200 is required as a reservation fee.
2. Full payment is required if the course is within 6 weeks of commencement.
3. A cancellation fee of £200 will be retained if cancellation arises within 6 weeks prior to commencement date.
4. Course fee may be transferred into another name or used for a later course (retention fee still payable if less than 6 weeks prior of £200).
5. The course will not commence if less than 10 delegates unless agreed at director level.
6. All delegates are responsible for booking of their own accommodation.
7. You will be required to attain a pass in the theory and practical examinations of both parts of the course (I and II) to be qualified in medical lymphatic drainage.
8. A provisional licence may be awarded for 6 months in some circumstances prior to re assessment.
9. You will be required to attend all days of the course to ensure course hours are covered (95 hours tuition).
10. Students are expected to work additionally on evening, revision and complete course reflection (40 hrs self taught).
11. Prior learning may exclude you from part I of the course.
12. Re-take of either Practical or Theory examination will be £50 each part.
13. Failure to take examination on due day due to sickness/ weather or other unforeseen circumstances will result in a retake fee.
14. Re-takes must be taken within 12 months to gain the certificate.
15. Attendance of a 2 day review is required initially after 1 year and then a 1 day review every 2 years to maintain registration.
